# Australia Sydney power frequency isolation 50kw inverter

Where can I find a list of approved inverters?

Search the Clean Energy Council's list of approved inverters. This list contains over 1,800 inverter and Power Conversion Equipment (PCE) models that have been approved to meet relevant Australian and international standards, as well as other checks to make sure inverters are safe for Australian consumers.

Does Deye full series inverter support 3 phase unbalanced output?

It supports three phase unbalanced output, extending the application scenarios. Thanks to the smart monitoring platform, Deye full series inverter products support remotely shutdown immediately when accident occurs. Setting parameters and FW update remotely, which makes PV plant O&M easier.

Are non-compliant Inverter models still eligible for STCs?

Non-compliant inverter models have been removed from the approved products list. Check the approved product list to ensure your inverter models are still eligible for small-scale technology certificates (STCs). Search the Clean Energy Council's list of approved inverters.
