What is a 123 MW solar project in Bahrain?

A power purchase agreement is in place for a 123 MW solar project in Bahrain that will span 14 sites including the world's largest rooftop solar installation, a 50 MW system on top of a 262,000 m<sup>2</sup> stockyard shed.

How many solar panels will be installed at Bahrain steel BSc?

The installation will consist of 77,000 solar panels alone, installed across a new 262,000 sqm stockyard shed for Bahrain Steel BSC, a wholly-owned subsidiary of Foulath. Foulath Holding and Yellow Door Energy signed a power purchase agreement (PPA) for the project at the Gateway Gulf BH Investment Forum over the weekend.

How much solar power does Bahrain have?

Bahrain's cumulative solar capacity stood at 66 MW by the end of last year, according to figures from the International Renewable Energy Agency (IRENA). In 2017, the country unveiled plans to bring online 255 MW of solar by the end of this year. The country's Electricity and Water Authority kicked off a 100 MW solar tender last month.

Is Bahrain a sustainable country?

"Bahrain has established an advanced position among nations that embrace innovation in promoting sustainability," said Noor bint Ali Alkhulaif, Minister of Sustainable Development and Chief Executive of the Bahrain Economic Development Board.

Dubai: Bahrain is taking a major step toward its clean energy ambitions with the launch of the world's largest single-site rooftop solar power plant.
