The package includes all the cables and brackets needed to secure the battery on the wall. Why choose Afore?

What is a micro inverter?

Micro inverters are small inverters which work with just one or two panels. Each panel effectively has its own inverter, so if one panel is shaded, or soiled by birds etc., it doesn't have any effect on other panels in the array.

Which solar inverters are available?

Our full solar inverter range of single phase inverters, three phase inverters and accessories consists of stock from leading, innovative manufacturers including Huawei and Growatt. The new Huawei LUNA2000 energy storage system works seamlessly with their L1 and M1 Hybrid Inverters, and the Huawei P450 optimisers.
