
Hungary Pécs Zhongna Energy Storage New Energy Technology Company

Where is the largest battery energy storage system in Hungary?

Image: MET Group. IPP MET Group has put a 40M/80MWh BESS in Hungary into commercial operation, deployed using technology from Huawei. The 2-hour battery energy storage system (BESS) is the largest in Hungary, Switzerland-headquartered MET Group said, deployed at its Dunamenti thermal power plant in Székesfehérvár, near Budapest.

How does MET Group contribute to the energy transition in Hungary?

On site at the Dunamenti Power Station in Székesfehérvár, MET already installed a 4 MW / 8 MWh demonstrator plant based on Tesla Megapack 2 batteries in 2022. With this latest BESS plant which went into operation today, MET Group and the Dunamenti Power Station are further strengthening their contribution to the energy transition in Hungary.

How much solar power does Hungary have?

State secretary for energy transition of the Energy Ministry Viktor Horváth noted that Hungary had built more than 8,000 MW of solar capacity in the past 5-6 years and one-quarter of the electricity generated in the country came from renewable sources last year.

Hungary has taken a significant step forward in its energy transition with the inauguration of its largest standalone battery energy storage system (BESS).

Hungary's city of Pécs has quietly emerged as a hotspot for household energy storage manufacturing. With rising demand for renewable energy solutions, factories here are driving ...

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated today: MET Group put into ...

Shanghai [2025.6.6] - Shanghai ZOE Energy Storage Technology Co., Ltd. (ZOE Energy Storage), a leading global provider of integrated energy storage solutions, today announced a ...

Shanghai ZOE Energy Storage Technology Co., Ltd. (ZOE Energy Storage), a leading global provider of integrated energy storage solutions, today announced a ...

Hungary's largest standalone battery energy storage system has been inaugurated in Székesfehérvár. With a 40 MW output and 80 MWh capacity, the new unit by MET Group ...

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated today: MET Group put into operation a battery electricity storage plant with ...

Swiss energy company MET Group has inaugurated the largest stand-alone electricity storage system in Hungary's history. The new installation, located at the Dunamenti ...
