

India Mumbai Outdoor Energy Storage Project

Is Tata Power installing a 100MW battery energy storage system in Mumbai?

Loading... Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage System (BESS) across Mumbai.

Why is Tata Power launching a Bess project in Mumbai?

With real-time monitoring from Tata Power's Power System Control Center (PSCC), the BESS will strengthen Mumbai's grid resilience, support clean energy adoption, and fulfill energy storage obligations. The project underscores Tata Power's commitment to sustainable, future-ready power solutions.

How will Tata Power's Bess deployment fulfil energy storage obligations?

Additionally, Tata Power's BESS deployment will also fulfil energy storage Obligations. The entire 100 MW system will be installed across 10 strategically located sites, especially near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's Power System Control Center (PSCC).

How will a power system improve Mumbai's power network resilience?

This will prevent large-scale blackouts and enhance Mumbai's power network resilience. Additionally, the system's sophisticated technology will optimize reactive power management, improving peak demand efficiency and strengthening the city's power infrastructure.
