

# Off-grid three-phase solar container price and product warranty

What is a 3 phase solar energy system?

3 Phase solar energy system, which can output single-phase or three-phase. Industrial and Commercial.

Discover real-world examples of off-grid solar energy system with our case studies. See how our solar systems provide reliable power to 50000 homes and reduce their electricity bills.

Why should you buy an off grid Solar System?

One-stop complete off grid solar system for sale. Special customized system to meet the needs of home owners to achieve 7\*24 hours of power supply. Achieving energy autonomy is an investment with a high rate of return. Your factories, businesses, and farms will have 0 electricity bills for decades.

Which solar charge controllers are available?

Both PWM solar charge controller and MPPT solar charger controller are available for sale. 10A-200A 12V-384V. Xindun solar charge controllers enhance the capacity of solar panels to operate at their optimum power output voltage, improve the comprehensive solar system efficiency.

Which solar batteries are available for sale?

Solar lithium batteries, agm batteries or gel batteries all are available for sale. Xindun solar batteries are manufactured using advanced techniques for long-lasting life and superior performance. It provides customers durable runtime and battery life for the most demanding applications.
