
Outdoor power splashproof box

Why do you need a waterproof electrical box?

Saltwater is highly corrosive, and without proper protection, electrical components can quickly corrode and fail. In coastal buildings, outdoor waterproof electrical boxes ensure the integrity of outdoor electrical connections, such as those for security cameras, outdoor speakers, and power outlets.

Are outdoor electrical boxes waterproof?

Aluminum alloy boxes, on the other hand, are lightweight yet robust, offering a great balance between durability and ease of installation. The heart of an outdoor waterproof electrical box is its waterproof design. Most boxes feature a rubber gasket that lines the lid.

What is a splash box?

Splash Box(TM) - A leak-proof and dishwasher-safe lunch box designed to fit two nesting Splash Pods side-by-side. Splash Pod(TM) - A leak-proof snack pod. Two fit inside our original Splash Box perfectly. Seal Cup(TM) Mini - Our smallest Blue Water Bento Seal Cup designed for dips, sauces and toppings.

How do I install an outdoor waterproof electrical box?

Installing an outdoor waterproof electrical box, like a Lemotech model, requires a few careful steps. First, always turn off the power supply to the area where you'll be installing the box to avoid any electrical accidents. Then, select a suitable location.
