
Promotion of wind-resistant folding containers for fire stations

What is a fire resistant container (FRC)?

Nordisk is a leading actor in the development of Fire Resistant Containers (FRC) for shipping of flammable and dangerous goods which could be lithium batteries, In the case of fire, the FRC container is able to handle over 700 degrees Celsius (1300 degrees Fahrenheit) and will suppress flames and contain an active fire for minimum 6 hours.

What is a fire proof storage container?

Our fire proof storage containers are fully tested and certified as REI 120 in accordance with the current European standard EN 13501-2 and allow you to store flammable substances close to buildings or directly on the production floor.

How hot can a FRC container handle?

In the case of fire, the FRC container is able to handle over 700 degrees Celsius (1300 degrees Fahrenheit) and will suppress flames and contain an active fire for minimum 6 hours. FRC are available for both lower deck and main deck, with different panel and door configurations to fulfill the customers needs and requirement.

How long does fire resistance last?

Up to 120 minutes fire resistance is possible internationally - tested and certified as a complete system. We can help make the process of dealing with approval bodies and insurers simpler with our long experience and comprehensive, recognised documentation. In Europe the required fire protection is confirmed by official classification reports.

In this blog, we'll explore how fire departments are using shipping containers, why they're an ideal resource for fire safety and ...

Why Does Wind Resistance Matter For Shipping Containers Structural Integrity: Shipping containers constructed from corten steel can endure harsh conditions and high-speed winds. ...

In this blog, we'll explore how fire departments are using shipping containers, why they're an ideal resource for fire safety and rescue personnel, and how their key features ...

AviusULD Fire Resistant Containers (FRCs) protect against fires for up to 6 hours, including lithium battery fires. Built for durability & lowest TCO.

Flammable Storage Containers from DENIOS offer the highest fire protection according to F 90 (REI 90) If required, they can be designed according to international ...

Shipping Containers for the Fire and Police Industry Versatile and cost-effective solutions for mobile command centers, equipment storage, evidence preservation, training, and temporary ...

Nordisk is a leading actor in the development of Fire Resistant Containers (FRC) for shipping of flammable and dangerous goods which could be lithium batteries, In the case of fire, the FRC ...

Exciting celebrations filled with bright fire stations promotion beauty, grandeur, unforgettable. Perfect events featuring colorful sky shows and lasting memories.

Shipping Containers for the Fire and Police Industry Versatile and cost-effective solutions for mobile

command centers, equipment storage, ...

The main product range includes light steel houses, folding container house, Detachable container house, expandable container house, heavy steel structures, office and container stores, ...

In this study, a novel column-free fire-resistant (CFFR) roller shutter with a 3-hour fire resistance rating designed for large-scale fire compartmentalization is proposed. This ...

First Folding container house in Saudi Arabia, PREFABL FC1, is an innovative solution designed for easy transport and installation. This first-of-its-kind folding container ...

The convergence of cutting-edge technology, robust structural engineering, and sustainable practices makes container fire stations a paradigm of modern emergency ...

Lightweight and Portable: Weighing only 1.1 tons, our folding container is easy to transport and handle, ensuring convenience during relocation and ...

Key attributes Material Sandwich Panel, Steel, Other Product Type Folding Container Application Apartment Design Style Modern Warranty 1 Year After-sale Service Onsite Installation ...

The structural safety can be realized, the seismic level is 8, the wind resistance is 12, the service life is more than 20 years, and the performance of earthquake resistance, ...
