

# **Saudi Arabia Communications Green Base Station Line Construction**

Will a 2GW solar project be built in Saudi Arabia?

Image: Masdar. Chinese engineering firm Shanghai Electric and UAE state-owned renewable energy company Masdar have signed an agreement to build a 2GW solar project in Saudi Arabia. The Sadawi project will be Shanghai Electric's largest engineering,procurement and construction (EPC) contract globally, and will cover 40 square kilometres.

Will Sadawi be Shanghai Electric's largest EPC contract?

The Sadawi project will be Shanghai Electric's largest EPC contract. Image: Masdar. Chinese engineering firm Shanghai Electric and UAE state-owned renewable energy company Masdar have signed an agreement to build a 2GW solar project in Saudi Arabia.

What technology will be used at Shanghai Electric's Sadawi project?

The Sadawi project will be Shanghai Electric's largest engineering,procurement and construction (EPC) contract globally, and will cover 40 square kilometres. The companies did not specify which technologies would be used at the project, but Shanghai Electric said it would use "advanced photovoltaic technology" at the facility.

Who backed Neom's "the line" project?

The entire project is primarily backed by the Saudi Public Investment Fund (PIF), which controls \$700 billion in assets, more than half of which is tied up in Neom's developments. Despite the visible progress, the road ahead is steep. Given the unprecedented scale and complexity of The Line, meeting the 2030 deadline remains uncertain.
