
Solar powered portable outlet in Doha

Are there electrical outlets in Doha?

No, the electrical outlets in Doha are different from those in the United States. In Doha electrical outlets of type G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Doha? The electrical outlets and power plugs in Doha are of type G (see images).

What is the standard voltage for a power socket in Doha?

All power sockets in Doha provide a standard voltage of 240V with a standard frequency of 50Hz. You can use all your equipment in Doha if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a charger to use a Doha outlet?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Doha outlet. Doha uses electrical outlets and power plugs of type G (see images).

Do I need a travel adapter in Doha?

The electrical outlets and power plugs in Doha are of type G (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different. Are the electrical outlets and power plugs in Doha different than the ones used in your country?
