
Solar solar container battery in Manchester UK

Where can I install solar panels in Manchester?

If you've been thinking of installing solar panels in Manchester, look no further than Project Solar UK Ltd. We are your one-stop shop for solar panels for domestic and commercial properties.

Who are Manchester renewables?

Here at Manchester Renewables we supply and fit all of Manchester with renewable energy products, from Solar PV Systems, EV Charging Points, Battery Storage and Heat Pumps. Our expert teams are all MCS & RECC accredited, providing you with the highest quality installations, using the best and most efficient systems on the market today.

Should I use battery storage with a solar PV installation?

This means it isn't going back on the grid during the day and is ready to use when required. We would always recommend Battery Storage with a Solar PV installation. This optimises the installation and the energy it's providing. This can reduce your energy bills, with some customers reducing bills by 80% per month.
